A LETTER BEFORE THE CHARTS

This is a map of the two of you, not a verdict.

You have built something real, so this manual is about keeping it strong: using your natural strengths on purpose, repairing the familiar arguments faster and knowing exactly what the other needs.

Everything in these pages comes from where the planets really were at the minute and place each of you was born. We compared every point in Maya's chart with every point in Sam's. A contact is a meaningful angle between one of your planets and one of the other person's. You have 8 in all, 5 that tend to flow and 3 that tend to rub.

Read it together, out loud if you can. Never read a chart before? You do not need to. Every page opens with a short note in plain words that says what it shows. The astrology basics are at the back, on pages 64 to 70, and every word is in the A to Z glossary on pages 71 to 73, to look up whenever you need it. Short on time? Read your one-page summary on page 4 and your two love pages, 12 and 13, together: about twenty minutes.

With care, Natal Junction

A PAGE FOR SAM TO KEEP

How to love Maya

IN PLAIN WORDS

This page is for Sam. It turns Maya's Venus, Moon and Mars into what to do, what to say and what to avoid.

♀ Venus in Aries ☾ Moon in Taurus ♂ Mars in Pisces

MAYA IS DRAWN TO

Confidence, a quick spark and someone who makes the first move as boldly as you do.

TO FEEL SAFE, MAYA NEEDS

Consistency, physical comfort and a partner who shows up the same way every week.

HOW TO SHOW IT

Pursue her a little. Plan the date, make a bold gesture, show you are excited.

IN A DISAGREEMENT

Maya tends to avoid direct confrontation, going vague or retreating, and may feel the hurt deeply without ever naming it.

UNDERNEATH, MAYA IS ASKING

To feel physically and practically secure while the conflict is talked through slowly.

WHEN MAYA IS LOW

Keep tonight calm and familiar for Maya: no surprises, good food.

SAY

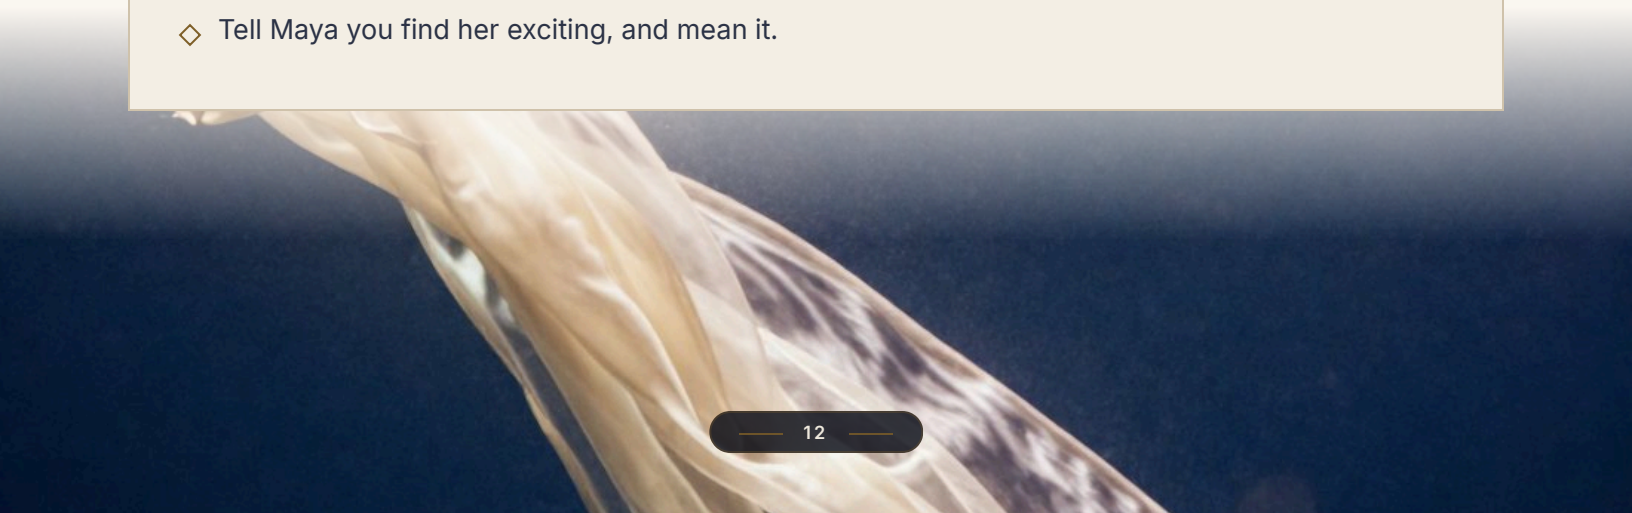

"Tell me straight. I can handle it."

NEVER SAY

"Calm down."

TWO SMALL ACTS THIS WEEK

- ◇ Plan a surprise mini date for Maya, even just a walk somewhere new.
- ◇ Tell Maya you find her exciting, and mean it.

THE FULL LIST

Every contact between your charts

IN PLAIN WORDS

A contact is a meaningful angle between one of Maya's planets and one of Sam's. You have 8: 5 tend to flow and 3 tend to rub. The closer the angle, the more you tend to feel it.

We read Sun, Moon, Mercury, Venus, Mars and the Rising sign in each chart, the points that carry the most weight between two people. A conjunction with Mars counts as charged, so it sits with the tense contacts. A page number means that contact is read in depth on that page.

Three more pairs are close in degrees but not by sign, so they are not counted, here or in your score: Maya's Moon in Taurus with Sam's Venus in Virgo, Maya's Mercury in Aquarius with Sam's Moon in Capricorn and Maya's Mercury in Aquarius with Sam's Venus in Virgo. A contact counts only when the signs agree with the angle.

Easy chemistry

IN PLAIN WORDS

Maya's Venus and Sam's Mars make a sextile. A friendly, easy link that opens a door, and it tends to work best when you make a small effort. This page turns “Easy chemistry” into something to use on purpose.

Maya's Venus in Aries sextile Sam's Mars in Gemini

ON AN ORDINARY DAY

The attraction runs both ways, and either of you may be the one who moves first. Astrologers read this contact as flirting that keeps happening in ordinary places, the kitchen included.

USE IT ON PURPOSE

Keep it in use: one evening a month that is purely for fun and closeness.

SAY IT OUT LOUD

"One thing I love about us is our chemistry."

WHY ASTROLOGERS READ IT THIS WAY

Maya's Venus describes how Maya loves and what Maya enjoys. Sam's Mars describes how Sam goes after what Sam wants. When two points like these meet at a sextile, astrologers read the pair as working together in the way the angle describes.

SPARK SCORE

76

This contact is one of the things lifting your Spark score, which comes from Venus and Mars contacts, plus Mars meeting the Sun or Rising.

TENSE CONTACT | STRONG · 1.2° FROM EXACT

Directness that lands as criticism

IN PLAIN WORDS

Maya's Mars and Sam's Rising make an opposition. The two points face each other across the chart, asking you to balance two needs rather than choose one. This page names the argument it tends to start, “Directness that lands as criticism”, and gives you words to repair it.

Maya's Mars in Pisces opposite Sam's Rising in Virgo.

THE TYPICAL ARGUMENT Maya wants things to move, and Sam feels judged on the spot. It often starts over something small, like being late or how a plan was handled, and ends with Sam defensive and Maya feeling blocked. Maya tends to avoid direct confrontation, going vague or retreating, and may feel the hurt deeply without ever naming it.

WHAT MAYA IS REALLY ASKING FOR

To be treated gently, and to know the bond is still safe.

WHAT SAM IS REALLY ASKING FOR

To be seen as he really is, beyond his first reaction.

MAYA CAN SAY

I came in too hot. I'm not attacking you, I just want us to move. Can I say it again more slowly?

SAM CAN SAY

When it comes out fast, I feel judged before I can explain. I know you want to get it sorted. Can you give me a minute to answer before we decide?

THE EARLY SIGN

Short answers, a faster walk, a sigh before the sentence.

PREVENT IT

Agree that whoever is in a hurry says so out loud: "I'm rushing, it's not about you."

REPAIR IN THREE STEPS

1. **Pause.** Either of you says the word. Twenty minutes apart.
2. **Say your line.** Maya first this time, then Sam.
3. **One small fix.** Agree one thing to do differently, then leave it.

HOUSE OVERLAYS

Where Sam lands in Maya's life

IN PLAIN WORDS

A chart has twelve houses, the rooms of a life. Sam's planets fall in Maya's houses, and each one shows a part of Maya's life that Sam tends to light up.

1 Self and new beginnings ☉ ☿	2 Money and self-worth ♀ ♑	3 Learning and conversation	4 Home and family	5 Joy, romance and creativity	6 Work, health and routine ☾
7 Partnership ♄	8 Intimacy and shared resources	9 Travel, study and belief	10 Career and reputation	11 Friends and the future ♂	12 Rest and the inner life

All seven: Sun in house 1, Moon in house 6, Mercury in house 1, Venus in house 2, Mars in house 11, Jupiter in house 2 and Saturn in house 7.

SAM'S SUN IN LEO, MAYA'S HOUSE 1 ☉

Seen exactly as you are

Sam lands right on Maya's sense of self. Maya tends to feel noticed, sometimes even mirrored, and Sam often has a visible effect on how Maya carries themselves.

SAM'S MOON IN CAPRICORN, MAYA'S HOUSE 6 ☾

Daily life, shared

Sam lands in Maya's house of routine. You show love through the ordinary: meals, chores, health and helping each other through a busy week.

SAM'S VENUS IN VIRGO, MAYA'S HOUSE 2 ♀

A feel for what matters

Sam lands in Maya's house of value. Money, comfort and self-worth come into the conversation, and Sam can help Maya feel more solid about what they bring.

Where 2027's big sky moments touch your relationship

IN PLAIN WORDS

The big sky dates of 2027 and the part of your shared life each one lights up. Bring that date's question to your check-in.

DATE	IN THE SKY	ROOM OF YOUR RELATIONSHIP	A QUESTION FOR THE TWO OF YOU
Feb 6	Annular solar eclipse in Aquarius	7 · Partnership	*What do we want from our closest partnerships, and what are we bringing to them?*
Feb 9	Mercury retrograde in Pisces, back into Aquarius	8 · Intimacy and shared resources	*Where are we ready to trust more deeply, and what are we ready to release?*
Feb 20	Penumbral lunar eclipse in Virgo	2 · Money and self-worth	*What do we value enough to spend our time and money on, and what can we let go of?*
Jun 10	Mercury retrograde in Cancer, back into Gemini	12 · Rest and the inner life	*Where do we need rest and quiet, and what are we ready to let go of privately?*
Jul 18	Penumbral lunar eclipse in Capricorn	6 · Work, health and routine	*Which daily habit would make the biggest difference to how we feel?*
Aug 2	Total solar eclipse in Leo	1 · Self and new beginnings	*How do we want to show up in the world this year, and what would we like to begin?*
Aug 17	Penumbral lunar eclipse in Aquarius	7 · Partnership	*What do we want from our closest partnerships, and what are we bringing to them?*
Oct 7	Mercury retrograde in Scorpio, back into Libra	4 · Home and family	*What would make home feel more like ours, and who do we want close?*

Eclipses: A solar eclipse is a New Moon that passes in front of the Sun and blocks its light, which astrologers read as a marked new beginning. A lunar eclipse is a Full Moon that passes through Earth's shadow, read by astrologers as a marked moment of completion, release or clarity. In a penumbral eclipse the Moon passes only through Earth's faint outer shadow, so it dims softly and the change can be hard to notice.

Dates in Central Time (Chicago), from the NASA-checked 2027 sky we use in our printables. Venus does not turn retrograde in 2027.
